MUZRAI DEPARTMENT.

OFFICE NOTE.

SUBJECT:—Repairs to the Sri Apprameya Swami temple at Mallur, Channapatna Talk.

LAST REFERENCE.

Letter No. 12 dated 7th July 03

form the Dy Comr Bangalore

Dt.

In June last the Dy Comr submitted an estimate for Rs 3146, received from the Executive Engineer, Bangalore Division, for repairing the Sri Apprameya Swami temple at Mallur in the Channapatna Talk. obs to the Source Fund.

from which the cost
of the repairs is to be
met the Dy Comr reported that it may be
~~to the~~ Sum of Rs ~~10336-6-7~~ which
is reported to be available
at the credit of the temple
in the Govt Savings
Bank. Out of this, a
Sum of Rs 8240 ~~is~~ was the Sale
proceeds of a garden
belonging to the temple,
and as ~~it~~ was suggested
in this office No 672 dated
18th November 1901,
~~that~~ this amount was required to
~~should~~ be invested
in Govt of India
Securities. The Dy Comr therefore
proposed ~~that to the~~ sum being a
balance of Rs 2096-6-7
remaining at the credit
of the temple a State
Bank of Rs 1020 ~~may~~ amount

be

be ~~added~~ sanctioned to make up the total estimated cost of repairs.

2. Thereupon the Dy Comr was asked to report in detail the items of work urgently required to the temple and why such a large amount as Rs 3146 was estimated for. He was also asked to report if there were any portions of the temple ~~which are~~ in a really dangerous condition and what it would cost to put them right.

3. In reply, the Dy. Comr now states that the architect inspected the temple and found that

that the work mentioned
in the estimate for
Rs 3746 were necessary
and that the Dy Secretary
to Govt, Mzra Deptt,
who inspected the temple
on the 27th April last
was also of the same
opinion.

4. In his Inspection
Notes, the Dy. Secretary
observes, in regard to
the repairs to the temple,
as follows:—

"Meanwhile repairs
"to the temple building
"were represented as
"necessary and an
"estimate for Rs 3000
"and odd was sub-
"mitted to this Office.
Personal inspection

"has convinced me
"that repairs to that
"extent and even
"more are absolutely
"necessary. The long
"wing of the Mandrasala
"Mantap of the temple
"has given way, the
"Stone beams along the
"roof have all lost
"their position and that
"portion of the temple
"is in absolute danger.
"The Public Works
"estimate in connection
"with this work seems
"to require some alter-
"-tions in the light of what
"I saw ~~not~~ and I pointed
these "out to the P.W. Supervisor
"who accompanied me -
"Other minor repairs, such

as

"as improving the floor
"where meals are taken,
"removing excrescences
"which hinder the play
"of light and air, were
"also pointed out to the
"Superviser. These will
"now be communicated
"to the Chief Engineer
"and a revised estimate
"called for."

"There is a saving
"of about Rs 2500 at
"the credit of this temple,
"besides Rs 8000 odd,
"the proceeds of the sale
"of the garden. The
"matter will be sub-
"mitted for orders
"on receipt of the Chief
"Engineer's reply."

Please return the draft
to the Chief Engr. when have passed

17/8/03

Note continued :—

5. The Chief Engineer was informed that the Estimate, received from the Executive Engineer, Bangalore Dn., through the Deputy Commissioner, Bangalore dt., appeared to require some alterations in the light of what the Dn. Secretary Law and pointed out to the P.W. Supervisor who accompanied him during his inspection of the temple in April last, that the work was one of importance to be carefully executed before P.W. Department that other additional repairs required to the temple had been pointed out by him to the Supervisor. The Chief Engr. was accordingly requested to have the Estimate carefully revised after personal inspection before Ex. Engineer if possible and to forward a revised Estimate including therein all the work required to be done in building to be carried conditions. He was also requested to have provision made in the Estimate for light in some dark places in the temple and for improving the floor of the verandah and to have each portion of the work clearly reported upon.

No reply having been received to the above communication, a reminder was addressed on 24 Nov. 1903.

The Chief Engineer forwards for information the correspondence on the subject containing the Report of the Sub-

nc 469 dt. 18.8.03
Mun F.164-92

e 1420 dt. 24.11.03
Mun F.164-92

Memo nc 212 dt: 12.1.04.

On the repairs of the temple explaining the details of work to be executed together with the remarks of the Ex. Engineer who is stated to have personally inspected the temple and the delay in the submission of the present Estimate amounting to Rs 6532/- is seen from the correspondence to be due to the Estimate having had to be returned to the Ex. Engineer twice for information on certain points.

Submd for orders

3/2/04

Manager -
Where is the balance of
nearly Rs 4000 to come from.
Is there any other source.

Rs
1. 4. '04

Submitted

The estimated cost is Rs 6532 and the saving at the credit of the temple is reported to be Rs 2500. The balance of Rs 4032 will have to be met from the State Grant of the current official year and that of the next year — The sale proceeds of the garden attached to the temple is proposed

proposed to be invested for the benefit of the temple, either in the Savings Bank or in Govt of India Pro-notes

3/4/04

What is the balance left of the State Grant. Can it bear such a heavy drain. Should information have been given without the necessity of my asking for it.

6.4.'04

Submitted:

A sum of Rs 3937-8-11 is now available out of the current year's Statutory Grant of Rs 15000. Rs(500) may be sanctioned for this year from this amount and Rs 2500 from the temple funds - If this is done, the Chief Engineer will be advised in funds to the extent of Rs (3000) up to the end of June 1904 The further sum

of Rs 3532 may be allotted from the next year's State Grant

Rs
7/4/04

Submitted to the Dewan

The revised estimate to repair the Malakkavu (Bhagavathy) temple now submitted by the Chief Engineer is for Rs 6532. Both Mr. Ananthanarayana Rao and Mr Venkatachar (Executive Engineer) have personally inspected the temple and the repairs mentioned in the estimate are necessary. There is only a sum of Rs 2500 at the credit of the temple and considering that the temple is an ancient and important one, the balance of Rs 4032 may be paid out of the State grant of Rs 15000. The allotment this year may however be Rs 500 from out of this grant, in addition to Rs 2500 at the credit of the temple. The balance of Rs 3532 may be met from the grant of the next official year.

17074/8.4.04.

8. 4. 04.

19120

This is a reasonable recommendation which is approved

31. V. 04

Rs 2/6/04

(Note continued)

The Estimate for Rs 6532/- was sanctioned in Govt Pro. No. 3845-7 dy 9 June 1904 and the work directed to be carried out by the P.W. Department. Out of the sum of Rs 4032 sanctioned from the State grant for the work, only Rs 500 was ordered to be placed at the disposal of the Chief Engineer out of the State grant for 1903-04 and for the balance the Dy. Commr was asked to apply at the commencement of the current official year - The Dy Commr in his letter no 11 dy 2 Sept 1904 now applies for the accordingly.

~~Submitted~~ The work has been entrusted to the P. W. D. The Chief Engineer may be requested to submit whether the whole amount would be required from this year -

Submitted with draft

The Chief Engineer states in reply that the mill

20 6103 dy 6.10.04

unexpended amount of Rs 6393/- may be placed at his disposal for expenditure during the current year. The Comptroller was thereupon requested to report if the sums of Rs 5000/- sanctioned for the State Grant of 1903-04 and of Rs 2500/- from the temple funds had been placed at the disposal of the Chief Engineer as directed in the Govt. Order sanctioning the estimate, and he says in reply that they have been so placed. A draft sanctioning the balance of Rs 3,532/- from the State funds of 1904-1905 is herewith submitted.

* in this office No 1553 Mis F 104-42 dt 3.11.04.

⊗ his letter No 2803 dt 15.11.04.

25/11/04

The payment of Rs. 3532/- from this years State Grant was promised in the Dewan's order dated 31/5/04 (vide page 10 of this Note.)—

A draft sanctioning the amount is put up.

After this payment is made, the available balance out of the State Grant of Rs 15,000/- will be only Rs. 5496-4-3, which is not much considering the many demands for repairs of temples and Chatrams that are being received.

25/11/04

Draft sent by the Dewan 3696/30.11.04
Office 2/12/04

Note continued on a separate sheet:—

(Note Continued)

The order sanctioning the Estimate for Rs 6532 was issued vide Govt. No no 2103-5 dated 8 Dec 1904

The Chief Engineer now Dec'04

X Letter no 1538 D/ 2 March 1905 } submits a revised Estimate for Rs 9175 for the work. As a reason therefor he states that it is due to the provision now made for Establishment & Tools & Plant charges at 10½ p.c. & dismantling and re-building longer lengths of Northern & Western walls than at first estimated for on dismantling the estimated portions of the walls, it was found that an additional length of 46¼ feet had been so badly settled that it was necessary for the stability of the structure to rebuild it. This portion it seems — could not be examined at the time of preparing the first estimate as it had been walled in and converted into small dark rooms for subsidiary kitchen & the like purposes. Further at the North-West Corner 20 feet in length of the wall had been estimated to be rebuilt from foundations in the first instance, but actually 36½ ft had to be — similarly treated.

The excess due to the foregoing

Items amount to Rs 2208/- + Rs 871 (Estt & charges) against which savings from sanctioned provision amount to Rs 436 resulting in a net excess of Rs 1772/- + 871 over the sanctioned amount.

Should the excess now applied for be considered too large to be sanctioned at present, the ~~Deputy~~ Chief Engineer proposes to reduce it by omitting the undermentioned items which may wait till funds accumulate:—

1) Cornice Ornamental parapet — Rs 480/-

2) Concrete with more lime & ½" metal "33-20 grs at Rs 15/- } 828/-

Total Rs 1308/-

These two items are not required (see reports) for the stability of the building and may conveniently be postponed Thus the excess amount ~~beside~~ for which sanction is solicited if (after deducting the cost of the above said 2 items) comes to Rs 1335/-

The excess amount if sanctioned

will have to be met from the State Ground or the next official year as there are no funds available for this year.

Submitted

Ks

Muzrai Secretary's remarks:-

I have heard that this work has been very nearly completed. The original estimate was for Rs 6532/- all of which has been paid up, Rs 2500 from the funds of the temple and Rs 4032 from the State Grant. A further sum of Rs 2643 is now asked for including establishment charges amounting to Rs 871. I think that with the view of bringing this important and ancient temple to a sound condition, it is desirable to sanction this

additional amount also from this State grant of the ensuing Official year 1905-06 as this years grant is very nearly exhausted.

The Chief Engineer suggests that two works amounting to Rs 1308 may be deferred for the present and until funds become available. It would perhaps be well to finish all the works once for all.

Submitted to the Dewan thro' the 2nd Councillor. Chief Secretary 31/3/05 Reed 31-3-05.

Ornamental works may be omitted as suggested by the Chief Engineer. Works which materially affect the stability of the structure must be executed even if further amount of Rs 1335 may be continued out of next years State grant.

Chief Engineer's o.r. 55-77 dt 24/8/05

(Note Continued)

The work is reported to have been completed at a cost of Rs 7869/- against the sanctioned estimate of Rs 7867- A petition was received in this Office from some of the residents of Mallur praying for the execution of certain additional items. The Chief Engineer to whom the petition was forwarded for report ~~non~~ states in reply that what the people require in their petition is ~~Conc~~ concreting the floor of the "Prakaramantaps" and also slabbing the floor of Asthan (in front ~~of~~ of the deity) where the present floor consists of small stones of irregular sizes & shapes. These two works are estimated to cost Rs 600 & 180 i.e Rs 780- out of this amount, a sum of Rs 162 being the value

of 59 cy.ds of metal that are at site being deducted the balance requires is Rs 618. If this amount is likely to be sanctioned, the Chief Engineer states that a separate estimate will be prepared and submitted.

8/9/05 Submitted DS 8/9/05 } This may also be removed for inspection

Say in reply that the completed work will be inspected by me early in Octr 1905 as already directed by the Diwan and orders for the execution or otherwise of the proposed additional works will be issued thereafter

D 18. 8. 03

Sir,

I am forwarding herewith an estimate with its accompanying report and plan prepared by the Executive Engineer, Bangalore division and forwarded through the Dy. Comr. Bangalore Dt. for repairing the Sri Apprameya Swami temple at Mallur in the Chennapatna Taluk, I am directed to state that the estimate appears to require some alterations in the light of what I saw and pointed out to the P.W. Supervisor, who accompanied me during my inspection of the temple

Mr. Narasingarajachar.

on the 27th April last
the work is one of importance to be executed carefully by the P.W.D.
& the additional repairs
required to the Temple
were also pointed out
to the Superviser.

2. I am to request
that you will be so good
as to obtain and forward for the sanction of Govt
~~a revised estimate~~ as to
embodying the alterations
and additions referred
to in my Inspection Note,
a copy of which is also
forwarded herewith
~~for your information.~~

I have &c

Dfl. 17/8/03

Dy Secretary
Imperial Deptt

Js
13/7/03

have the estimate can
received after personal
inspection by the Executive
Engineer if possible,
and to forward a
estimate including
therein all the work
required to bring a
building to a sound
condition. The improve
ments suggested by me
to the Superviser by way
of giving more light
in some dark places in
the temple and of
improving the floor of
the Verandahs may also
be kindly provided for
in the Estimate, and
portion of the work also
reported upon. I have

Order thereon

The temple of the Sri Apprameyaswami ~~at Mallur~~, is an ancient and important Muzrai institution at Mallur Channapatna

In the Deputy Secretary
who inspected the temple in
April 1903 observed that the long
wing of the Chandrasala mantap
had given way, that stone beams
with
along its roof had all lost their
position and that that portion was
in absolute danger, and that some
minor improvements other than
those provided for in the original
estimate sanctioned for Rs 3140/- and
by the Deputy Commissioner were
necessary. The Chief Engineer
was thereupon requested to have
the above estimate carefully
with refce to the above requirements of the temple
revised after personal inspection
by the Ex Engineer and the revised
estimate submitted to Govt
including therein all the works
required to bring the buildings
in a sound condition.

2 Under these circs, the revised
Estimate for Rs 6532/- now submd by
the Chief Engineer is sanctioned,
the charge being met as follows:—
Rs 2500/— from the savings available
at the credit of the temple

Rs 4032/-*, from the State Grant.

*- Only Rs 500/- from the current year's State Grant. Total Rs 6532/-

3. The Compt.r to Govt will be requested to place at once a sum of Rs 500/- out of the State Grant sanctioned in the foregoing para, before the close of the current offl year, at the disposal of the Chief Engineer, who will be requested to ~~cause~~ have the works carried out by the P. W. Deptt and a completion bill subd. to Govt in due course

4. As regards the balance of the State Grant of Rs 3532/-, the Deputy Comm.r is requested to apply for the same at the commencement of the next offl year.

Read the following :—

(1) Govt. Pro: No. 3845-7, Muzrt. 164-92 dated 9th June 1904, sanctioning an estimate amounting to Rs 6532/- for repairing the Sri Apprameya Swami Temple at Mallur in the Chennapatna Taluk, and requesting the Deputy Commissioner of the Bangalore District to apply for the State Grant of Rs 3,532/- sanctioned therefor at the commencement of the official year 1904-05.

Rs 500/- from the State Grant of 1903-04.
Rs 2500/- from the savings of the Inspn
Rs 3532/- from the State Grant of 1904-05
Rs 6,532/-

(2) Letter No. 11 dated 2nd Sept. 1904, from the Deputy Commissioner, Bangalore District, applying for the State Grant as directed in the above.

(3) Letter No. 6103, dated 6th October 1904, from the Chief Engineer of Mysore, stating that only an outlay of Rs 139/- was incurred from the State Grant of 1903-1904. ~ ?

requesting that the balance of Rs 6,393/- of the sanctioned estimate, may be placed at his disposal, for expenditure during the current offl year.

And (4) Letter No 2803, Dy 15th Nov: 1904, from the Comptr to the Govt of Mysore.

Order thereon no: 2103-5 m:7:164-92, Dy 8/12/04.

In the Govt Pro: of the 9th June 1904 read above, Rs 500/- were directed to be placed at the disposal of the Chief Engineer of Mysore from the State Grant of 1903-04 and Rs 2,500/- from the savings of the Sri Apprameya Swami Temple at Melkote. The Comptr reports in his letter read above that those amounts have been so placed. Deducting them from the cost of the estimate, there is still a balance of Rs 3,632/- required to make up the estimated cost of repairing the Institution.

2. In these circs, the Govt are pleased to sanction ~~this balance of Rs 3,632/-~~ from the State Grant

the balance
of the current off. year. ~~and two~~
of Rs. 3532/- required for the completion of the work.
The Comptroller to Govt. is requested
to place this amount at once at
the disposal of the Chief Engineer,
and the latter Off. is requested to
at an early date
complete the repairs ~~early and~~
and in an efficient manner, and
forward a completion bill thereon
for transmission to the Comptroller
for adjustment in due course.

Requesting to obtain early sanction to the estimate for repairing the Sri Apprameya Swami Temple & to the allotment of the additional amount required

Mysore P.W.D.
Central Office
Bangalore 2nd

No. 508 dated

From

M. Rice Hutchin Esqr., M.R.A.S. C.I.E.
Chief Engineer of Mysore.

To

A. Anantasame Rao Esqr., B.A.
Secretary to the Govt. of H.H. the Maha
of Mysore Anuzrai Department

Sir,

With reference to Government Proceedings -
3845-7/Anuz No: 164-92 dy- 6th June 1904, sanc-
-ing an estimate of Rs 6,532 for repairing the
Apprameyaswami temple at Hallur in the Khan-
-patna Taluk, and subsequent order No: 2103-5/An
164-92 of the 8th December last, I have the honor
to forward the accompanying revised estimate am-
-ounting to Rs: 9,175 for the work, and to inform
that the necessity for the revision and the cause of
the excess are explained in the report and the

Comparative

Comparative statement attached to the esti-
mate. The excess of Rs. 2643 is due to provi-
-sion now made in the estimate for Esta-
-blishment and Tools and Plant Charges
at 10½ per cent, and to dismantling and
rebuilding longer lengths of walls than at
first estimated &c. If the two items re-
-ferred to by the Executive Engineer in the report
be omitted, then the excess will be reduced
to Rs (2643-1308), 1335. The Executive En-
gineer is of opinion that these 2 items
can be postponed to be carried out later
on, as they are not required for the stability
of the building & the Superintending Engineer
~~Concurs~~ Concurs in this view.

I request you will be so good as to obtain
early sanction to the estimate and the allot-
-ment of the additional amount required.

I have the honor to be
Sir,
Your most obedient servant,

W. Wolseley

Civil Engineer of Projects

wjs

the Chief Engineer of Mysore
submitting for sanction
a revised Estimate for
Rs 9175/- for the above

" " — —

Order thereon -

The Chief Engineer
reports that the excess
viz Rs 2643 now required
is on account of provision
in the revised Estimate
made for Establishment
Tools & Plant charges at
10½ per cent and de-mont-

ling

No 3963-5 En 6.
Mus. F 164-92
27.4.05

and re-building longer
lengths of Northern and
Western walls than at first
estimated for, that the additional
length of the walls could not
be examined at the time
of preparing the first
estimate as it had been
walled in & converted
into small dark rooms
for subsidiary kitchen
and the like purposes
and that on examining it was found
~~they were~~ found
to be so badly settled that
it was necessary for the
stability of the structure
to re-build it. We (the
Chief Engineer) however,
proposes that if the excess
now applied for be considered
too large to be sanctioned
at present, the marginally
noted items costing Rs 1308/-
may be ~~defe~~ deferred as they

D Carried Memorandum } Rs 480/-
Konaghat }
" Concrete in walls 3rd
Class 1 & 2 "Brickat 55-20 } 825
Lime at Rs 15/- }
Rs 1305

are not required for the stability of the building.

2. Under the above circumstances the revised Estimate for Rs 91754- is reduced ~~to Rs~~ by Rs 1308 being the cost of the two items proposed to be postponed for the present and ~~—~~ sanctioned for Rs 7867, additional cost viz the ~~excess~~ viz Rs 1335 being met from the State Grant of the next official year viz 1905-06.
